

## My Success Club

We all need people who will

- Give us honest feedback
- Stay with us when the going gets tough and cheer us on when we're doing well
- Enable our highest levels of creativity and energy
- Remind us of our values when we lose our way
- Encourage us to grow beyond our current limitations

You are about to create a very exclusive club. The membership selection process is based on such criteria. You are the chairperson of this exclusive club. It exists solely to increase the success you experience in any given are/s of your life.

You may talk about your club freely or you may make it a secret society.

The purpose of my success club is:

My club's name is .....

Now, select your members! You may invite colleagues or you may opt to select individuals to whom you have less regular access. You might even invite famous, historical or fictional characters (and have imagined meetings with them!).

Remembering the club's purpose, who has the skills you wish to acquire? Who can guide you in your growth? Who has the wisdom you wish to access? Who will stretch your imagination and require you to extend your actions?

I select the following people to be the founding members of my success

You will need to commit regular time to your club. Only by regular contact with its members will your club remain an active resource for you. Decide now what you are willing and able to do to ensure the club's success.

**I visit my mentor club:**

**When?** .....

**For how long?** .....

**These visits take place:**

**Where?** .....

Next, decide what membership benefits your success mentors will receive for their contributions to your self-development. Suggestions:

- A letter of thanks to them for their contribution to your personal growth
- A contribution, on their behalf, to a cause you both subscribe to
- A commitment to uphold a particular principle
- A contribution of your time to another person who would benefit from being mentored
- A significant change in your behaviour that reflects the lessons you have learnt

I express gratitude for the wisdom my success mentors share with me by ...

To ensure your success following club meetings you must carry out appropriate activities within 24 hours of a meeting. Such actions may include:

Journalling, action planning, mind mapping ideas and strategies, taking an action you have consulted a member/ the members about, taking inspired actions...

Within 24 hours of each success club meeting I will ...

There you are. That's the basic framework. Build on it to please yourself.  
Enjoy the adventure!
